

## Ted Garrison, CSP

*Catalyst for Change & Construction Industry Visionary*

***Ted's short biography appropriate for promotional material.  
Complete biography on website as well.***

Ted Garrison, CSP, is a nationally-acclaimed construction industry visionary known for his high-energy presentations that give audiences maximum take-away value. His Construction 3.0™ Strategies offer a new future for the industry. A civil engineer with 25 years management experience in constructing 10M square feet of commercial buildings, he has been a consultant, author and speaker since 1998. He is author of *Strategic Planning for Contractors* and co-author of 5 books on marketing, customer service & leadership. As host of the internet radio program, *New Construction Strategies* ([www.NCS30.com](http://www.NCS30.com)) he conducts weekly interviews with leading experts. He averages over 50 presentations/year to national and international construction audiences and private companies.
